The Lutheran Church and God's Plan of Salvation

+++ +++ +++

In accordance with the Bible the Lutheran
Church teaches:

- 1—Before God ALL men are lawbreakers, SINNERS.
Ecc. 7, 20: There is not a just man upon earth that
doeth good and sinneth not.
- 2—ALL are therefore subject to God's PUNISHMENT.
The soul that sinneth it shall die. Ezek. 18, 20.
- 3—Apparently good behavior and good character can save
no man.
By GRACE ye are saved through faith. Eph. 2, 8.
- 4—Jesus has suffered God's punishment for sin in man's
stead on Mount Calvary.
Therefore "Believe on the Lord Jesus Christ and
thou shalt be saved." Acts 16, 31.

The St. Matthew Walther League

Canadian National Railways

Farm Help Service.

+++

Farmers who will be in need of Help for this
year's operations, should apply at once to their
nearest Canadian National Railway Station
Agent, or forms for ordering Help may be secured
by writing to the Department of Colonization
and Agriculture, corner Jasper and 100th St.,
Edmonton, or to

Paul Werner, - Stony Plain.

ALBERTA REGISTERED SEED GRAIN FOR SALE.

Registered and No. 1 Marquis Wheat,
Victory and Banner Oats,

at reasonable prices. HIGH GERMINATION,
clean and true to type.

On account of our supply being rather limited,
farmers should order early.

For prices and particulars apply to

W. J. STEPHEN, Field Crops Commissioner,
Department of Agriculture, Edmonton, Alberta.

LOCAL NEWS.

Mrs A J Shaul returned
last week from a two-month
visit with friends at Portland,
Seattle and Spokane.

Mrs Geo Ducholke returned
home on Sunday from a
three-weeks' visit with her
daughter, Mrs Schultz, in Ed-
monton.

Herr Carl Pfeifer, the well-
known caterer, has moved
from Langenswalbach, Essen,
Nassau, and is now at Wies-
baden, where he has opened
a delicatessen shop. Karl
wishes to be remembered to
his friends around Stony.

Mr F Walbaum, of the
Woodland Dairy Co., was a
caller at The Sun office on
Tuesday. Mr Walbaum ex-
pects this to be a record year
in the shipments of cream
from this district.

Auctioneer Zucht held a
successful sale Monday last
for Mr Gus Gitzel. Mr Gitzel
and family are now residing
with friends in Stony, pre-
vious to leaving for their new
home in the North.

"Doc" Mecklenburg, the
eye specialist, was in Stony
on Monday, attending to his
clients. He returns Monday,
March 28.

The election in division one
of Inga M.D. resulted in the
return of Mr McKinley over
Mr B Pater. This was the
only contest in this munic-
ipality.

The Herd Law, which was
voted on Saturday last by the
ratepayers of Inga M. D., is
said to have carried by a good
majority.

Tuesday morning's train for
Vancouver was about 8 hours
late.

The afternoon tea and sale
on Saturday, given by the
United Ladies' Aid, was a
success, the articles offered
meeting with a ready sale.

The hockey game advertis-
ed on the Town posting board
for Sunday last did not mater-
ialize, the wise birds at Duf-
field not wishing to undergo
the hardships of the trip
down.

"Bill," the one-man circus,
paid Stony a visit on Friday
last. The clown act on the
street, before the regular
show, is said to have been the
cause of much merriment. His
race down Main street with
the Car that bucked the Loco-
motive excited admiration.
Following this, he gave a
characteristic address in Bar-

bers' Hall on the benefits of a
good shave and of keeping
sober. At the conclusion of
the speech a collection was
taken up to buy Bill a pair
of suspenders—for safety. No
date has been set for Bill's
next performance.

Is the Vote Worth Having?

Do the people of Canada, and other countries enjoying the rights, privileges and liberties which responsible government confers upon them, fully appreciate the value of these possessions?

Recalling the long and bitter struggles that took place, first in Great Britain and later in Canada, as well as in practically all countries now under democratic institutions, for the right of the franchise, it would almost seem absurd to ask if people valued that which was so dearly won. Inquire of almost any Canadian citizen and the reply would undoubtedly be: "Of course, I value my rights of citizenship." Actions, however, speak louder than words, and how do thousands of Canadians make answer to this question when deeds rather than words are required?

The Chief Electoral Officer for Canada has recently prepared a statement of votes cast throughout the Dominion in the general election of last September, showing the total to be 2,273,662. The Dominion census of 1921 gave the population of Canada as \$788,482. Using round numbers it may be assumed that the population was at least 9,000,000 in 1926. Of these 9,000,000 approximately one-half would be represented by those under 21 years of age or un-naturalized adults, leaving about 4,500,000 qualified voters. To be quite within the mark, say 4,250,000.

In other words, approximately one million citizens of Canada qualified to vote, or almost 25 per cent. of all voters, held their right to the franchise in such small esteem that they did not take the trouble to go to the polling booths in a general election to decide questions of national policy, involving the personnel and policy of the National Government for the next five years.

This Canadian showing, while not one to which our people can point with pride, is decidedly better than the United States record, where in the elections of last November, when thirty-four State governors, thirty-five senators, the entire House of Representatives, nearly all the members of state legislatures, and thousands of municipal, county and other officials were elected, only one-third of the qualified voters went to the polls, the other two-thirds refusing to use their freedom and take upon their shoulders the duties and responsibilities of citizenship.

The people of Great Britain discharge the duties of citizenship better than elsewhere in the Empire, with the exception of Australia. But Australia votes under pressure and compulsion. Although the Commonwealth has equal adult suffrage, such a large proportion of its people refused to use the ballot that compulsory voting was established, and with good results so far as getting the people to the polls is concerned. In the last federal election in Australia and in a more recent national plebiscite, 90 per cent. of the total registered vote was polled.

Is it not, however, passing strange that men and women must be compelled, under pain of a fine imposed for failure to vote, to discharge the first obligation of their citizenship?

As one publication, commenting on this amazing apathy on the part of a large section of the people, very truly says, no country can be well governed where only the professional political elements interest themselves, in elections. Unfortunately a great percentage of those who refuse to vote have the curious conceit that they are the superior classes; that politics is something beneath them. Such people are, in fact, less worthy citizens than the professional ward workers in our large cities.

If Canadian citizenship is worth anything, it is worth at least the trouble involved on election day of going to the polls and exercising the franchise which such citizenship confers.

Nearly Hundred Years Old

Experiments Made in 1835 With Electrically Propelled Cars

Electric propulsion of cars dates as far back as 1835, when Thomas Davidson, of Yorkton, and in 1838 Robert Davidson, of Scotland, both ran experimental cars by voltaic batteries carried on the car. It was not, however, until the dynamo electric machine was perfected, so as to reduce the cost of current, that any practical system was devised.

The Forth and Galt's Causeway, England, electric tramway, in 1883, was the first line in the United Kingdom which took the current from a conductor.

Incident Worth Mentioning

Union Jack Dropped From Laurence's Mainmast When Located by Diver

The story of how the gold on the White Star liner Laurence, sunk by the German U-boat, was recovered by divers operating from the Admiralty steamer Racer, now about to be sold, is one of the most thrilling in the history of sea salvage. One incident that was thought too trivial to be recorded at the time is worth mentioning now, for the touch of the sea tradition it brings into the story. The Laurence sailed from New York in January, 1917, her strong room filled with gold and silver worth about \$5,000,000. She was struck by German torpedoes off Long, Sully and sank in 120 feet of water. After two years an effort was made to salvage, and then when a diver went down from the Racer he found, drooping from the Laurence's mainmast, a faded flag with several rents in it, the Union Jack.

Because labor is cheap, Indians in Bolivia, South America, are beasts of burden.

"I realize the gravity of the situation," said Sir Isaac Newton as the falling apple hit him on the head.

Was Once Smugglers Haunt

But Now St. Helen's Is England's Most Moral Village

St. Helen's, Isle of Wight, is undoubtedly England's most moral village. So good and peace-loving are the inhabitants that the local police station has been closed.

A policeman from Seaview, a few miles away, cycles to the village every day as a matter of form. The time of his arrival is known to all. He is greeted with smiles. There is never anything serious for him to do.

Thirty years ago things were different. Strangers had to be careful if they visited this tiny hamlet after dark. The inhabitants distrusted visitors, and were apt to show their dislike. A notorious gang of smugglers had their headquarters here and quantities of rum and contraband goods passed into the island for transport to London.

Innocent little-thatched cottages or the crypt of a neighboring church were used as hiding places by the smugglers. The police and the revenue men were never idle.

RHEUMATIC VICTIMS

Can Find Relief Through Building Up the Blood

Pain is the symptom of rheumatism that every victim recognizes, and he generally attributes the trouble to cold, damp or changeable weather. But doctors know that thin blood is a marked characteristic of the trouble. Trying to combat rheumatism while the blood remains thin and poor, is an impossible task because there is nothing to build on. A tonic like Dr. Williams' Pink Pills that enriches the blood and frees it from rheumatism, is the only remedy that restores the system. So long as the blood is maintained in a healthy condition, trouble will not return. This is not theory. It has been proved in hundreds of cases; here is one:—Mr. J. W. Root, A.R.C. 2, Albany, P.E.I., says:—"For some years I was a great sufferer from rheumatism and although I tried a great many remedies, I did not get any permanent relief until I took Dr. Williams' Pink Pills. The trouble was located mostly in my shoulders, and at times was so bad that my right arm was almost useless. Of course I suffered much pain and great inconvenience. My attention was directed to Dr. Williams' Pink Pills through an advertisement in our newspaper, and I decided to try them. I took the pills according to directions with the result that the rheumatism has left me, and I have never had a twinge of it since. If this meets the eye of any rheumatic sufferer, my advice is to try Dr. Williams' Pink Pills at once."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

All fighters use tape but none of them use as much red tape as fight commissioners.

INDIGESTION, GAS,

UPSET STOMACH

Instantly! "Pape's Diapiesm" Corrects Stomach so Meals Digest

The moment you eat a tablet of "Pape's Diapiesm" your indigestion is gone. No more distress from a sour, acid, upset stomach. No flatulence, heartburn, palpitation, or misery-haunting gases. Correct your digestion for a few cents. Each package guaranteed by druggist to overcome stomach trouble.

The ability to speak several languages is valuable, but the ability to keep your mouth shut in one language is priceless.

"I want to help" says Allen Boudria

Tells facts from own experience to help others. Almost wild with pain, weak and rundown, he won new health and strength through Tanlac

Allen Boudria, engineer, of 432 St. Patrick St., is one of Ottawa's best known citizens. "My purpose in telling the facts of my experience," he said, "is to help others who suffer as I did."

For five years I was in misery. My whole system seemed out of gear, but my stomach troubled most. Even a drink of cold water would cause my stomach to bloat and swell abnormally. Gas would prevent me from sleeping at night so that I had to get up and walk the floor for hours. Violent stomach pains nearly drove me wild. I've seen times when I was doubled over, unable to straighten up.

My friend M. Laporte told me how Tanlac had helped him out of similar trouble, so I got some and used 9 bottles in all. It just made me over. I feel 30 years younger than I am, and weigh 214 lbs. My appetite and sleep are both fine. I eat what I like and sleep like a top. Tanlac and nothing

else, made that great change. I'm for Tanlac."

If overwork or neglect have worn you down get Tanlac, the great natural tonic made from roots, herbs and barks. Your druggist has it. Over \$2 million bottles sold.

Gives Concert From Airplane

Singer in Machine 4,000 Feet Up Uses New Device

In flight approximately 4,000 feet above the street, John Charles Thomas, concert baritone, sang operatic arias to an audience in Columbus Circle, New York, in the first official test of the "Voice of the Sky," a secret sound-producing and amplifying device which makes possible direct vocal communication between aircraft and any one on the ground. Mr. Thomas sang in a cabaret, plane, singing and talking into this newly perfected amplifier of the Plane Speaker Corporation of Philadelphia, while his audience stood shivering in the frigid blast below.

Despite the fact that the plane was bucking a 40-mile breeze, and despite the din of street traffic, the melodies were heard distinctly by the crowds on the sidewalks.

"Hello, New York," came down from the sky in stentorian tones. Then to further demonstrate the amplifier, Mr. Thomas while circling about, addressed his ground audience briefly.

Leaders in the aircraft industry witnessed the demonstration. Major General John D. O'Rourke, president of the Colonial Air Transport Company of New York, one of whose planes was used in the test, said he believed the "Voice of the Sky" would be of great value in commercial aviation.

"With this device installed in planes on our New York-Boston route, and on the proposed New York to Chicago route," he said, "it will be possible to communicate with the ground and clear over which they pass, as 'No mail today for Sandusky,' or similar speech-messages from the air."

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very successful medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

Addressing a political gathering, a speaker gave his hearers a touch of the pathetic. "I miss," he said, brushings away a not unmanly tear, "I miss many old faces I used to shake hands with."

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not near the skin or burn the flesh.

The coldest time of the day is the hour just after sunrise, according to scientists. This is explained by the fact that when the sun strikes the earth it causes the evaporation of a chilling moisture.

If one is troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

A British army regiment recently returned from Constantinople to England, after being absent 15 years and having served in eight countries.

Keep Minard's Liniment in the stable.

Some Encouraging Signs Show Better Planning of Towns is Now Taking Hold in Canada

Town planning is making slow but certain progress in Canada, according to the report of the committee on town planning of the Dominion Land Surveyors' Association, compiled by D. H. Bartley, D.L.S.

The committee finds, in reviewing the progress of the year in this world-wide movement, that there are some encouraging signs that better planning of towns and cities is catching on in the Dominion. From east to west it is found that, in the larger cities there is an awakening consciousness as to the benefits to be derived. In Montreal the movement is voluntary, an organization having been formed for the development of a plan which can hardly fail to result in the operation of an official city plan sponsored and financed by the city.

In Vancouver action followed the passing of a provincial Town Planning Act. The city promptly appointed a town planning commission and consultant and staff to create a comprehensive plan for the city and environs at a cost of \$40,000, spread over three years. Surrounding municipalities probably will agree on a regional plan.

Industrial companies who are establishing great enterprises in Canada are keenly alive to the advantages of correct planning of their town sites. Mr. Bartley reported. For instance, at Arvida, Que., the Aluminum Company of Canada is laying out the nucleus of a city for its employees on former raw lands comprising some 600 acres. They are proceeding on carefully prepared plans designed for an ultimate population of 40,000. Construction of 270 houses was included in last year's program, and plans include development of roads, sanitary and fire protection and landscape treatment.

In Western Canada the town planning movement is gathering momentum. Certain of the municipalities around Winnipeg are taking steps toward the formation of town plans under Manitoba laws, and the City of Edmonton has announced its intention of proceeding similarly. Kitchener, Victoria and Ottawa are other Canadian cities in which definite progress has been made.

The report concludes: "It is suggested that the dominant course for the rapid advancement of town planning in Canada is a matter of education and persuasion and that the necessary enactments will inevitably follow. If in the development of our young Canadian cities and towns we can, by wise planning, avoid the creation of slum and tenement districts, we will be in a far more advanced position than could be secured by any frantic efforts in the future to develop lavish civic monuments in an attempt to conceal the squalor of the neglected districts."

The Village Blacksmith

Business Was Never Better in This Trade Than It Is Today

Those who lament the passing of the village blacksmith with his muscled arms and muscular avail, will dry their tears when they learn that the business of the village smithy was never better than it is today.

This fact was brought out at the annual convention of the Manitoba Association of Blacksmiths, Horse-shoers and Woodworkers, held in Winnipeg.

Although the old grey mare is giving way to the new "tin lizzie" the blacksmith still finds his brow damp with honest perspiration. Instead of fitting hobnails with a new set of iron shoes, he is called upon to fix a broken gadget on the tractor and other mechanical repairs.

Business is good in the blacksmith trade, but it is difficult to get the rising generation to take it up. Blacksmiths immigrating from Europe must be relied upon to keep the business going in the next generation. It was said.

The word "highway" is said to come from the name of the old Roman road which was elevated as much as four feet above the surface to permit good drainage.

W. N. U. 1870

Danish Families for West

Several Hundred to be Brought to Canada is Report

According to reports, arrangements have been completed for the bringing out to the west of several hundred families from the Danish Free State. This information is given by Rev. E. Schmok, Winnipeg, manager of the Lutheran Immigration Board, who has returned from a trip to Europe. While there he visited Germany where he interviewed the government officials of that country on emigration. As a result of his interview he expects heavier immigration from that country, this year.

The Lutheran Immigration Board connections have been enlarged in Europe, and 10,000 agricultural settlers will be brought to Canada through activities of that organization, according to Mr. Schmok.

A New Bloomer Dress

Charmingly simple is the attractive bloomer dress pictured here and a style very easily fashioned. The front and back are gathered to a fitted yoke opening on the kimono shoulders while a trim belt fastens in front. The bloomers have elastic run through the top casing and at the lower edge of the legs. No. 1492 is in sizes 2, 4, 6 and 8 years. Size 4 years requires 2 1/2 yards 36-inch material, or 1 1/2 yards 54-inch, and 3/4 yard 36-inch contrasting for yoke and belt. Price 20 cents the pattern.

Our new Fashion Book contains many styles showing how to dress boys and girls. Simplicity is the rule for well-dressed children. Clothes of character and individuality for the junior folks are hard to buy, but easy to make with our patterns. A small amount of money spent on good materials, cut on simple lines, will give children the privilege of wearing adorable things. Price of the book 10 cents the copy.

Dentist Advises Use of Milk

Says Average Modern Diet Lacking in Calcium and Phosphorus

As the Board of Trade meeting here, Dr. Wallace Secombe, Dean of the Faculty of Dentistry of the University of Toronto, took issue with the suggestion of Dr. J. S. Wallace, of England, who has been lecturing throughout Canada, that milk should not be continued in the diet beyond two years of age, after the deciduous teeth have erupted. Dean Secombe stated that the average modern diet is generally lacking in the essential elements of calcium and phosphorus and urged that milk be continued in the diet of children and also of adults because it contains in average serving more of the vital elements than are contained in any other food.

It was also stated by Dr. Secombe that the teeth of the nation were suffering by over-indulgence in sweets and soft foods. Milk is an excellent food but should not be used for soaking other articles of diet. The food should be so prepared that thorough mastication will be necessary, and this will assist materially in maintaining dental health.

Advantages of the Country

Subjects of Interest More Varied Than Those in City

It is a matter of common observation that countrybred people are not more dullwitted than townfolk. Rather have they stores of wisdom which the feverish distractions of townlife do not breed.

For the purpose of education the country provides for more favorable material in some ways than the town. One does not need to be a Wordsworth or a Jefferies to find food for the subjects of interest and inquiry in the earth and every common life.

The boy who lives amid meadows, mountains, woods and streams is at an advantage as compared with his fellow whose horizon is bounded by bricks and mortar, the endless monotony of the streets and the endless bustle of the factory and workshop.

Sharks May Furnish Leather

Sharks may some day rival cattle as leather producers of the world, in the belief of Martin M. Chelquist, representative of a Seattle leather company. After spending 18 months in Japan instructing Japanese fishermen in the value of "sea steers" hides he predicts that sharks, once used only for food in the Orient, soon will be a substantial source of raw leather.

Dad—My dear girl, has he given you any encouragement?

Dot—Well, last night he asked if you and mother were pleasant people to live with.

Question of National Defence Is Engaging Serious Attention Of Authorities in Canada

For Fattening Cattle

Rape, Kale and Cabbage Make Excellent Pasture for Sheep, Swine and Cattle

Rape, kale and some varieties of cabbage make excellent pasture for sheep, swine and cattle, being particularly valuable for young cattle and fattening steers. Grown in poultry runs, they make a satisfactory free-range food for most kinds of poultry. They occupy a permanent place in the regular farm rotation in many European countries. They are, however, not yet utilized in Canada to the extent that their value warrants and in order to bring them to the attention of farmers the Dominion Experimental Farms Branch has recently issued a pamphlet entitled "Fleishy Annual Pastures" giving information concerning these crops in the hope of bringing about their more general use.

These fleishy annual pastures thrive under a great variety of climate and soil conditions, and they yield surprisingly well even where the summer rainfall is light. New land may be used to advantage for growing them, and on much soil they are frequently more profitable than any other forage crop. The pamphlet, which may be obtained from the Publications Branch, Department of Agriculture, Ottawa, gives general information on the cultivation of these crops and the uses to which they may be put.

Account Book for Farmers

Department of Agriculture Prepares One for General Use

Frequent reference has been made in recent issues of the farm press to the desirability of making an inventory or taking stock of farm supplies, implements, live stock, etc., during the month of March. The suggestion is a good one, and the Dominion Experimental Farms System has published an extremely simple Farmer's Account Book in which are several pages especially designed to assist the farmer in making such an inventory. To "keep accounts" in this book requires no special knowledge of accounting, simply the ability to write and add, and a record of transactions can often be made in less than one hour a week. The book may be obtained from the Publications Branch of the Department of Agriculture, Ottawa, at a nominal charge of ten cents. No postage need be placed on letters of application.

Since the definite declaration by the Imperial Conference of the Independent status of the Dominions there has been a good deal of discussion in Canada of the question of national defence. Reports from Ottawa indicate that the principal feature of the estimates for the Department of Defence will be an increase in the appropriation for the air force with the object of building up that branch.

The Ottawa Citizen thinks that the Royal Canadian Naval Air Service should be revived. It speaks of the work which it did during the war in protecting Canada's sea lines of communication and it says:

"Canada should have a minimum number of cruisers, mine-layers, destroyers and auxiliary ships for naval service; but most effective, without great expense, would be the revival of the Royal Canadian Naval Air Service. An efficient air service cannot be hastily conjured up overnight. The whole success of flying depends upon preliminary organization."

"The development of civil aviation will furnish the very best kind of reserve for national defence. In the development of an air force reserve, however, one of the first steps should be to take the administration of civil aviation out of military control. Civil government flying and commercial aviation should be administered as are mercantile shipping and railways, by civilian officials."

"In Great Britain, where there is a separate Air Ministry, the department of civil aviation is administered quite apart from the Royal Air Force—although, of course, there is the closest co-operation in building up an air force reserve. It would be an economy for Canada to bring civil aviation, shipping, radio-telegraphy, railways and canals under one ministry, a Department of Communications."

The Citizen suggests that Major-General MacBrien, who has just resigned as chief of staff of the Department of Defence, would be a good man to put in charge of the development of civil aviation. He has qualified as an air-pilot—Manitoba Free Press.

Round Up of Wild Horses

Campaign in British Columbia to Make a Clean-Up of Roving Bands

Hundreds of wild horses that have been roazing the bunch grass and sage brush country and the Cariboo mountains in British Columbia, are to be rounded up and slaughtered by horse hazers engaged by the Provincial Government.

The campaign has been carried on in a desultory fashion for several years, but this year the Government hopes to make "clean-up" of the roving bands that have been eating cow and sheep pastures and causing depredations among domesticated stock.

It is estimated there are 10,000 wild horses in British Columbia, most of them descendants of the stock brought into the Cariboo gold country by the miners of half a century ago.

According to officials of the Government who are planning the round-up, there is no cause for sentimental regret. The majority of the horses are not of the high-spirited, graceful mustang of the fiction type, but broken-down, half-crippled animals whose killing would be an act of kindness.

It has not been decided what will be done with the carcasses, but it is probable they will be shipped across the United States border to a plant where such material is being used for the manufacture of fertilizer.

An Extraordinary Forest

What is probably the most extraordinary forest in the world occupies a tableland some six miles in width, near the West Coast of Africa. The trees only reach a height of one foot, although their trunks are as much as four feet in diameter. No trees here more than two leaves, and the latter are often six feet long—Popular Science.

Men sometimes make money, but money never makes men.

Champion Jersey of the World

A Jersey calf, drawn in a Government calf club at Armstrong, B.C., has turned out to be the champion Jersey cow of the world, holding the record for milk and butter production over a period of ten months.

Pretoria Oxford Janet is the name of this distinguished champion and is owned by Harry Whitaker of Armstrong, B.C. The cow is the only Jersey in the world to give over 1,000 pounds of butter during a ten month test. She also yielded during the same period 14,955 pounds of the purest milk.

The champion is seen looking contentedly from a Canadian Pacific Express car on her arrival at Vancouver recently to be exhibited at the annual livestock exhibition at Spencers.

THE OLD, RELIABLE

Use Gillett's Lye to MAKE YOUR OWN SOAP

Gillett's Lye Protects Your Health and Saves Your Money.

Flag Made of Feathers
Made completely of feathers or birds of paradise, an enormous Italian flag has been received by Signor Mussolini from a missionary who left Rome three years ago for British New Guinea. At the time the missionary went away Mussolini made him a present of a bicycle, a saddle, and an Italian flag.

"CASCARETS" FOR COSTIVE BOWELS, HEADACHE, COLDS

To-night! Clean your bowels and stop headache, colds, sour stomach

Get a 10-cent box now. Turn the reveals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

A huge snake known as a scuret, 24 feet long and weighing 352 pounds was captured recently in Central Brazil. This snake is said to eat but four times a year.

Babies Cry For "Castoria"

Prepared Especially for Infants and Children of All Ages—

Mother! Fletcher's Castoria has been in use for over 30 years, as a pleasant, harmless substitute for Castor Oil, Paragoric, Teething Drops and Soothing Syrup. Contains no narcotics. Proven directions are on each package. Physicians everywhere recommend it.

The genuine bears signature of *Chas. H. Fletcher.*

Warmed—It is our custom to let a prisoner work at the same trade here as he did outside.

Prisoner—Yes, sir, I was a traveling salesman.

The Baby's Cold

VICKS VapoRub

With internal medicine essence delicate little stomachs. Treat colds externally with Vicks. You just rub it on.

WORLD HAPPENINGS BRIEFLY TOLD

A sum of \$1,000, lost by a party of settlers in a train near Vancouver, B.C., was recovered by a track walker and returned to the owners.

The Canadian legation unfurled its first strip of bunting Feb. 22, in honor of Washington's birthday. Its flag on this occasion will be the Union Jack.

Queen's University announce a new fellowship for the encouragement of research in Canadian history. Sir James Alkern, of Winnipeg, contributed \$5,000 toward the endowment fund, making the new fellowship possible.

Correct attire is required of street car passengers at Rio de Janeiro and the rule is rigidly enforced. Men must wear a collar and tie, and on the first class cars, a coat. A conductor recently stabbed a man who insisted on riding in violation of the collar-and-tie order.

King George has appointed Lady Maude Howe a dame commander of the Order of the British Empire. The appointment is in recognition of her recent voyage to India which she made by air, accompanying her husband, Sir Samuel Howe, British air minister.

SUNDAY SCHOOL LESSON MARCH 6

SHARING THE GOOD NEWS

Golden Text: Ye shall be My witnesses.—Acts. 1:8.
Lesson: Acts 8:4-8; 2 Corinthians 5:14-20.
Devotional Reading: Isaiah 55:1-7.

Explanations and Comments

1. Sharing the Good News in Samaria, Acts 8:4-8.—Persecution followed the martyrdom of Stephen, and the disciples were forced to flee from Jerusalem—they were scattered abroad. They did not think that the responsibility of witnessing for Christ rested upon the leaders alone, and they entered rank and file went about preaching the word.

Philip, one of "The Seven," who became known as Philip the Evangelist because of the success of his ministry (Acts 21:1-8), went down to the city of Samaria. The Jews had no dealings with the Samaritans, but their Lord's last command (Acts 1:8) bade them witness for him in Samaria. To overcome their prejudice against the Samaritans, the followers of Jesus needed only to go to Samaria and preach to them.

If you are prejudiced against any one, do him a good deed. The Samaritans, like the Jews, were looking for the Christ; Philip made known to them the fact that he had already come. Philip probably little realized the greatness of the movement he was inaugurating when he went down to the city of Samaria and proclaimed unto them the Christ. He found the fields white unto harvest; the people accepted his good tidings concerning the Kingdom of God and were baptized. There was great joy among them when many with unclean spirits, the palsied and the lame, were healed.

"It follows as the night the day that a church with a real personal contact with God cannot keep still about it."

Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

To remove old wallpaper, stir a quart of flour paste into a pail of hot water; then apply this mixture to walls. Being thick, it will not dry quickly, but will saturate the paper, which may then be easily scraped or peeled off.

Protect the child from the ravages of worms by using "Mother Graves' Worms Expeller." It is a standard remedy, and years of use have enhanced its reputation.

Easily Identified

A peer was taking a stroll through the grounds when he met a little boy whom he did not recognize for a moment. Then he remembered that the boy was his childhood's friend.

"Now, I wonder, if you know who I am?" said the peer, with a smile.

"Oh, yes," replied the boy; "you are the man who rides in my daddy's motor."

Minard's—the dependable liniment.

Announcement to RED ROSE TEA Enthusiasts

CENTURIES ago, when tea was first introduced to the English Nobility, the precious leaves—then almost priceless—were packed in sealed lead containers.

For many generations lead continued to be used as a protective package for all fine quality teas. Then the modern metal, Aluminum, was introduced. But during war-time and later, paper bags and paper boxes were largely used and have held sway ever since.

In our 30 years experience putting up Red Rose Tea we have used all these containers and each has some particular merit.

But careful tests over a long period prove that Aluminum is by far the best container that has yet been found, and paper packages of every kind the poorest. When in contact with dampness paper absorbs moisture which soon affects the quality of the tea, and in some instances completely spoils it.

Having found the paper package unreliable and uncertain, we have again adopted the Aluminum package which we used years ago. For we know now that Aluminum can be better depended upon than any other.

Unlike paper, Aluminum does not absorb moisture. It preserves all the original flavor and strength. So now and in the future Red Rose Tea will be packed in the Aluminum package, as it was in years gone by.

Establishes Home for Blind

Former Jewish Immigrant Afflicted Himself Aids Fellow Sufferers
Shetel Needleman, stricken blind while travelling for Amosgas as an immigrant 23 years ago, is awaiting the opening on April 1 of the Home of the American Jewish Association

Relieve That Lazy, Worn Out, Half Dead Look Don't Wait Another Minute

You can do wonders with your appearance. Bright eyes, cheery smile, clear complexion, snappy steps, all indicate vigorous men and women.

Your trouble may be Constipation—poisons from waste matter in the intestines circulate in the blood through your system.

Sick Headache, Biliousness, Indigestion, Drowsiness, Poor Appetite and a sallow complexion generally follow.

CARTER'S LITTLE LIVER PILLS is a vegetable laxative, moves the bowels gently, no pain, and does not contain Calomel, Mercury or habit forming drugs.

CARTER'S LITTLE LIVER PILLS are small, easy to swallow and if taken daily as a regulator will promote good health.

Try them tonight—to-morrow refreshed. 25c. and 50c. red packages.

for the blind, his contribution to the sightless people of his race.

After being detained at Ellis Island until his father posted a bond against the possibility of his becoming a public charge, Needleman began selling papers at the age of 15. With the money saved from newspaper peddling he founded a printing company in 1912. Eleven years later he began planning construction of the home.

His ally while a boy at the Industrial Home for the Blind in Brooklyn, where he would not eat food prepared there, prompted the idea of an orthodox Jewish institution for the sightless.

Expect Cheaper Cars

Canadians are to purchase their motor cars a little cheaper as a result of the 20 per cent. reduction on sales tax rates in the Federal budget. It was computed in automobile circles that following the tax reductions the retail price of the majority of cars will shortly be reduced from about \$5 to \$15, or approximately the cost of the automobile license. The sales tax on motor cars is charged on the actual cost to the local dealer, or the duty paid value plus freight and excise tax.

The eyelids of a frog wink upward.

Minard's Liniment for rheumatism.

Old Locomotive in Museum

One of the world's oldest locomotives, long famous in England as the Hulton Colliery locomotive, has come to rest at last in a railway museum in York, after a triumphant tour of exhibitions. This veteran, in many respects resembling the world's first passenger engine, Locomotive No. 1, was built in 1822, rebuilt in 1857, and again in 1882.

SO SHORT OF BREATH SHE COULD HARDLY DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes—"I had heart and nerve trouble, and became so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me. A friend of mine recommended

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AUCTION SALE.

At the Farm of Chas. Schultz,
Stony Plain, on

THURS. MARCH 10

SALE STARTS at 1 P.M.

7 Purebred Registered Percheron Horses.

- One team Registered Gray Percheron Mares, 7 yrs. old, in foal. One Registered Dark Gray Percheron Mare, 1 year old in May.
- 1 team Registered Black Percheron Mares, 5 & 6 years old, in foal. Above animals all come from Geo. Lane, south of Calgary, and 2-year-old Colts are bred from his imported Stallion Trafalgar (0929)
- One Registered Black Percheron Stallion, 3 yrs. old in May. 1 Bay Mare, 7 years old, 1500 lbs.
- One Registered Dark Gray Percheron Mare, 3 yrs. old in May. 1 Black Gelding, 8 years old, 1500 lbs.
- 1 Two-year-old Grade Bay Colt.
- 1 Pony, cross between Shetland and Arabian.

SWINE.

- 1 Brood Sow, with 9 Pigs. 1 Brood Sow with 6 Pigs.
- 2 Brood Sows due to farrow in March. 12 Late Fall Pigs.

MACHINERY.

- 15-30 McCormick-Deering Tractor.
- 10-ft. Tractor Disk with tongue attachment.
- Three-Furrow Tractor Plow.
- 20-inch Power-lift Brush Breaker.
- 7-ft. McCormick Binder. 1 L.H.C. Manure Spreader
- 20-shoe McCormick Drill, Power Lift.
- 28-inch Hamilton Gang Plow. 16-in. Walking Plow.
- 5-ft. McCormick Mower. 10-ft. Deering Rake.
- 5-sec. Harrows. Harrow Cart.
- 2 McCormick-Deering Wagons. 1 Low Farm Truck

- 2-in. Steel Shoe Sleigh. 2½-in. Steel Shoe Sleigh
- 1 Cutter. 40-in. Standard Fanning Mill with bagger
- Above Machinery all only used two years
- 10-20 Mogul Tractor. 22-38 International Thresher
- 2 Hay Racks. 1 Barrel Cart
- Quantity of Logging Chains, Forks, Shovels & many other articles.
- HARNESS---1 Single Harness. 4 sets Work Harness
- Extra Collars, Bridles, Saddle, etc.

POULTRY--About 50 Chickens.

HOUSEHOLD GOODS.

- 4 Beds with Springs & Mattresses. 4 Kitchen Chairs
- 2 Dressers 2 Arm Chairs
- 2 Stoves 1 Kitchen Table

The following goods, surplus of John Schultz, will also be offered for sale:

- 3 2 year old Colts Bay Mare, 6 yrs. Bay Mare, 12 yrs. Organ, Baby carriage, Baby Walker, Straw cutter
- Delaval Cream Separator, Kitchen Cabinet, Wardrobe One-ton Ford Truck, 2000-lb. Scale. Power Attachment for Car

Terms Cash. No Reserve. No Goods to be Removed until settled
for. Free Lunch at Noon.

D. BROX, Auctioneer.

Otto G. Wudel,
Clerk.

RED ROSE "is good COFFEE"

Canada's Year Of Jubilee

The Dominion of Canada has entered upon its diamond jubilee year and on July first next year Canadians will celebrate in a fitting manner the sixtieth anniversary of Confederation.

It will be most timely and in every way appropriate if in the months intervening before that historic date all Canadian organizations make it the chief item in their programmes to study Canada, past, present and future, and to present facts to their members and the people generally relative to the history, the development, the resources, and the boundless possibilities of the country.

Canada's diamond jubilee year presents a glorious opportunity to all our organizations to make this a "Canada First" year. Would it not be a fine thing if, say once a month, every Canadian Club, Rotary Club, Kiwanis Club, Lions, Gyro, and other service organizations, every Homemakers and Community Club, the Canadian Legion, all fraternal bodies, I.O.O.F., Y.M.C.A., Y.W.C.A., United Farmers, churches and schools devoted a meeting to some one phase of Canadian life, history or development.

Indeed, why should the Departments of Education of the several Provinces not arrange a special programme of studies in regard to Canada, all designed to make our people better informed regarding the constitutional development of government in Canada, her position in the Empire, in the League of Nations, and better acquainted with the principles and procedure of government in Canada, the administration and enforcement of law, in a word, the growth and development of Canada from the status of a Crown Colony to a self-governing nation within the Empire and with full nationhood among the nations in the League of Nations?

This jubilee year presents a golden opportunity for the presentation of historical plays and pageants designed not merely to entertain and bring out the artistic qualities of our people, in their preparation and presentation, but also to instruct in a most effective way.

The twin Provinces of Alberta and Saskatchewan are this year celebrating their coming of age as autonomous provinces, and advantage is being taken of this occasion to depict in various ways the growth and development which has marked the past two decades. In a special way these facts are being presented by floats in parades in connection with our summer exhibitions. But why should plans not now be made, not only in the West, but throughout the length and breadth of the Dominion, to present at every exhibition next year through means of floats, parades and pageants the Canada of 1871 as contrasted with the Canada of 1927?

Canadians, it is true, are not much given to this sort of thing. We are reserved people and hate to display our feelings and emotions. We are not given to flag-waving. But surely all can unite in making the diamond jubilee year of Confederation an exception. We have hundreds of thousands of citizens, born in other lands and under other flags, who have chosen Canada as the land of their adoption. This jubilee year should be so utilized as to acquaint them with Canada's past history and achievements, to facilitate in their hearts and minds a real pride in Canada, to imbue them with a desire to be Canadians in every true sense and meaning of the name.

If for one solid twelve month the people of this Dominion thought, talked and preached Canada, the cumulative effect in the arousing and development of a real national spirit would be tremendous. It would operate to break down old barriers of race and creed, would wipe out purely sectional considerations, jealousies and suspicions, and create an entirely new spirit throughout the land.

Canada is worthy of the very best that her people can give in it. Let us unite, therefore, in giving to Canada, one year of undivided loyalty, considerate thought, and unselfish devotion—a year of study of Canada, a year of service in endeavoring to arrive at a fuller understanding of her problems and needs, a year of unremitting effort to solve those problems and meet those needs.

Objectionable Motor Signs

Move Made in New Jersey to Revoke Licenses of Motorists With Offense Placards

Commissioner Dill, of the New Jersey motor vehicle department, said he will attempt to revoke licenses of motorists who display offensive signs beneath registration plates.

Commissioner Dill said he believed this step was the only possible one to abate the evil. He added it was wrong to offend the public with placards on which profanity even was hinted at.

One of the signs to which he objected particularly reads: "If you can read this you are too damn close."

Okanagan Lake Service

New C.N.R. Steamship Service On Okanagan Lake

Announcement is made of the opening by the Canadian National Railway of a steamship service between Kelowna and Penticton on the Okanagan Lake. A new steamship, the *Penticton*, will make two trips each week, except Sunday, starting July 15. This extends the passenger service which was put into operation with the completion some months ago of the new Canadian National line between Kelowna and Kelowna, and gives complete service from Penticton coasting with the Continental Limited east and west from Kamloops.

New Type Of Bandit

Confidence Man In England Uses Crossword Puzzle As Lure

Crossword puzzle bandits are latest things in British crookdom. Even the Englishman's reserve cannot withstand the desire for advice in the search for words to fill the crossword puzzle squares. Hotel lounges are the favorite haunts of crooks who wrinkle their brows over a rare Australian bird in three letters, and then lean over to a prosperous square from the country to ask for aid. Sooner or later the conversation turns to fat-rich-quick schemes. Scotland Yard is on the trail of two crossword puzzle rickshaws who posed as gentlemen farmers and separated a real dirt farmer from Aylesbury from his bank roll. The confidence man is described as suave and well-spoken but poor speller.

2 Years' Backache

Subdued by "Nervine"

"Backache was the bane of my life, and for two years I was no lame as to be unfit for work," writes E. S. Shone from Georgetown. "While in Smith Street Drug Store, I heard of Nervine being a wonderful pain-destroyer, so I decided to try Nervine. Thanks to Nervine, my two years' backache was rubbed away and I am in perfect health."

All those who suffer from weak, aching backs, those whose muscles are stiff, whose joints are swollen, let them try Nervine—the liniment that never fails. See all dealers.

Manitoba Industries

The largest group of industries in Manitoba, in number of establishments, is wood and paper products, of which there are 213, according to figures compiled by the Industrial Development Board of Manitoba. Next in order come vegetable products, with 180 plants; chemical products, with 129; and textile products, with 59.

GIRLHOOD DANGERS

Come Through a Weakening of the Blood—A Tonic is Needed

In their early teens it is quite common for girls to outgrow their strength, and mothers should carefully watch the health of their daughters at this time. It is when the strength is sapped that nervous growth, that anemia develops. The first signs may be noted by peevishness, languor and headaches. The face grows pale, breathlessness and palpitation become apparent, with low spirits and depression.

Neglected anemia often leads to a decline, but if you see that your daughter's blood is enriched, there need be no cause for anxiety. The first blood-builder ever discovered is Dr. Williams' Pink Pills. They will build up your girls' health and ensure for their healthy womanhood. In proof of this Mrs. George Justison, Black's Harbour, N.B., writes: "I think Dr. Williams' Pink Pills a wonderful medicine. My daughter, Margaret, was in such a bad run-down condition that we feared she was going into a decline. Her face was pale, the heart action was weak, she was breathless and suffered from headaches. She had no appetite and lost a lot in weight. I told her about the health giving Dr. Williams' Pink Pills; no treatment had helped her. But thanks to the use of Williams' Pink Pills she is again well and strong, showing no signs of the trouble that had so weakened her."

In all troubles due to weak, watery blood, Dr. Williams' Pink Pills will be found a reliable remedy. Sold by all medicine dealers or sent by mail at 50 cents a box by The Dr. Williams Medicine Co., Brockville, Ont.

Invited To Palace

Spanish Workman Did Not Recognize King Who Gave Him Lift

Here is another story to add to the many good ones told about King Alfonso of Spain.

Driving recently past outside Madrid, the king's car came to a standstill, and a minor adjustment had to be made by the chauffeur. At that moment a tired-looking workman, who was walking in the same direction, came up and, not recognizing the king, asked him for a lift as far as Madrid. The king, with a smile, told him to jump up, and the car conveyed him swiftly to his humble dwelling in the slums of Madrid. Then the king shook hands with the amazed workman, who had begun to thank him. "Goodbye old man," he said. "Have a good rest, and if you want anything at any time, come and see me at the palace."

Minard's Liniment for Sore Feet

W. N. U., 1927

A Superior Milk Cap

A milk cap should do more than fit the mouth of a bottle. It should also be easily removable—impervious to water—easily printed.

All these features are combined in the Appleford milk cap. Made of quality board it hugs the lip of the bottle, yet is so pliable it is quickly removed. All pores are filled with wax to protect the milk from moisture or contamination. The printing is clear-cut and distinctive.

Write for samples and prices.

Use Bad Language

Modern Mother Responsible For Great Deal of Loose Speech

Bad language of the modern mother is responsible for a great deal of loose speech among school girls. Miss Mary Morrison, principal of the Francis Holland School for Girls, told the annual conference of the head mistresses' association in London.

"For years we have made allowances for father's strong language," Miss Morrison asserted, "but now mothers are nearly as bad, and it is having a serious effect on the girls' speech among themselves. This is all a part of the so-called greater freedom."

Drives Asthma Like Magic. The immediate help from Dr. J. D. Kellogg's Asthma Remedy seems like magic. Asthma is only a natural remedy used in a natural way. The smoke or vapor, reaching the most remote passage of the affected tubes, brushes aside the trouble and opens a way for fresh air to enter. It is sold by dealers throughout the land.

An Unexpected Sequel

Man Failing to Carry Out Death Pact

Condemned For Murder. A death pact drama at Southport had an unexpected sequel. The young man aged 18 and his sweetheart of the same age agreed to commit suicide together. The girl died. The man failed to make good his share of the pact and as a result the court has condemned him to death for murder. The law holds that if two persons agree to commit suicide, and in consequence, one of them dies, the survivor is guilty of murder.

The cheapness of Mother Graves' Worm Exterminator puts it within reach of all, and it can be got at any drugstore.

Population and War

Militarists in all countries demand an increasing population. In order that an unflinching supply of recruits may ensure the national safety in the next war; but then they also hold that wars are inevitable owing to the pressure of expanding populations—London Spectator.

Minard's Liniment for Rheumatism

More Bicycles Than Cars. Every sixth person in France has a bicycle, the total number being about 6,400,000. There are ten times as many bicycles in the country as automobiles.

Moscow Shirkers Responsibility

Could Have Prevented Financial Help Being Sent to British Strikers

Moscow obviously is lying when it tells Great Britain that it is unable to prohibit Russian "trades unions" from sending money abroad to aid trades unions in other countries and disclaim all responsibility for the financial help sent from Russia to British strikers while the general stop-work was on, and afterward, upon refusal of the managers of the strikes to accept it, transference to the miners' federation.

As the Soviet-outlet asserts, there is no prohibition in its domain against the remittance of money abroad, but only the obligation to obtain a permit for such remittances; that prohibition is lacking because the Moscow clubs for their own reasons have purposely let down the bars, and the very statement that a permit is necessary is an admission that it lies within the power of Bolshevik Government to get up again at any time, and in any particular instance, as it pleases.—Detroit Free Press.

Powerful Medicine. The healing properties in six essential oils are concentrated in every bottle of Dr. Thomas' Electric Oil, forming one of the most beneficial liniments ever offered to the world. Many can testify as to its power in allaying pain, and many more can certify that they owe their health to it. Its wonderful power is not expressed by the small price at which it sells.

He had just arrived from the old country and was not familiar with the use of the telephone, so he took down the receiver and demanded: "Aye wot to talk to my wife."

The operator's voice came back sweetly, "Rumher, please!" "Oh," he replied, "she bans my second van."

Use Miller's Worm Powders and the battle is won. These powders correct the morbid conditions of the stomach which nourish worms, and these destructive parasites cannot exist after they come in contact with the medicine. The worms are speedily evacuated with other refuse from the bowels. Soundness is imparted to the organs and the health of the child steadily improves.

In a certain town in Italy the taxes are levied according to the weight of the taxpayer. The fat man is assumed to be prosperous and charged on his pounds.

If you find that you are being driven to despair, get out and walk.

Children Cry for

Fletcher's CASTORIA

MOTHER—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

Genuine ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 10 tablets. Also bottles of 24 and 100—Druggists. Beware of cheap imitations of Bayer Aspirin. White is well known the Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

MANY BRANCH LINES PROJECTED FOR THE WEST

Ottawa.—Hon. Charles A. Dunning, Minister of Railways and Canals, has given notice of his intention of submitting to Parliament for its approval at the present session, a program of construction work suggested by the management of the Canadian National Railways and their board of directors. Parliament is to be asked to authorize the Canadian National Railways to proceed with the construction, during the next three years, of 470.2 miles of railways. The proposals are divided into three groups:

- 1.—Lines which offer economic and operating advantages to the system.
- 2.—Branches for the purposes of general development and colonization of the country which will constitute feeders to the system.
- 3.—A branch which will link the Hudson's Bay Railway with the South lines of the Canadian National Railways system.

The cost of these new lines, which are to be completed by August 31, 1926, will be \$19,120,000 and the program has been submitted, the management states, after exhaustive consideration of the requirements of the National system.

About 50 per cent. of this railway building program will be in Saskatchewan, an analysis of these figures show. This is entirely apart from the extension program of the Canadian Pacific Railway.

The railway management states that it may be found desirable to ask at some time during the next three years for one or two extensions, as a result of developments not fully foreseen at this time.

The railway executive also has expressed their satisfaction at the results obtained from the new lines which Parliament sanctioned in 1924.

Will Settle Legality of General Strikes

Job for Government Not Judge, Says Earl Birkenhead

Liverpool.—The broad intentions of the Government's legislation to be introduced restoring the privileges of trade unions were indicated by Earl Birkenhead, secretary for India, in the course of his address here. "We do not think it proper to leave the legality or illegality of a general strike to depend upon the expression of opinion of a judge, however distinguished he may be," he said. "We intend that it should be laid down by the authority of that parliament which was challenged, that and hereafter that weapon is forbidden, and has become criminal."

Ambassadors Deny Rumors

England Has Not Given Italy Free Hand Against Turkey

Constantinople.—Rumors that England had granted Italy a free hand against Turkey as compensation for Italian cooperation in China so agitated public opinion here that the Italian and British ambassadors to day issued public denials.

Deputy Mahmud Bey, chief spokesman for President Mustapha Kemal Pasha, scouted the idea of Italian aggression, but stresses the fact that the reinforced Turkish army is prepared for any eventuality.

Is Champion Dog Musher

Quebec.—Enil St. Godard, the Pae, Man, finished the race in the Quebec International dog derby in three hours 55 minutes and 15 seconds. His total elapsed time for the three days of racing was 11 hours, 37 minutes and 35 seconds, which entitles him the race and title of champion dog musher of the North American continent and of the world.

Mail Planes Burned

Kansas City.—Fire destroyed a hangar at Nichols Field, near here, containing four air mail planes. The planes were owned by the National Air Transport, Inc., which holds the Chicago, Dallas line contract. The damage was estimated at more than \$100,000.

W. N. U. 1670

Suggest Conference on Old Age Pensions

Matter Was Recently Brought Before Alberta Legislature

Edmonton.—Old age pensions came before the Alberta Legislature following the introduction of a motion by J. T. Shaw, Liberal leader, that the Government should introduce at the present session an old age pension bill and an amendment by A. A. McGillivray, Conservative leader, that the question be discontinued at the present session, and if thought fit, that a bill be introduced as soon as federal legislation upon this subject has been enacted by the Dominion Parliament.

Premier Brownlee adjourned the debate with a view to the bringing in of a compromise amendment on which all those opposed to the motion might agree.

Premier Brownlee thought that even if the federal House decided to adopt a principle of 100 per cent. liability for payment of old age pensions, nobody would very seriously challenge the legislation.

If a conference were held, he suggested, it might be possible in case the federal Government refused to accept 100 per cent. liability, that it would undertake seventy-five per cent. of it and be pointed out that the Ottawa House might lower the pension age to 65, which would bring Alberta's share of the burden to approximately \$600,000 a year.

To Protect Shareholders

Shareholders of Saskatchewan Co-operative Elevator Co. to Benefit

Regina.—Shareholders of the Saskatchewan Co-operative Elevator Company will receive \$155,758 for every 1911-12 share for which they originally paid \$7.50, if the bill providing for the winding up of the company passes the Legislature in its present form. In other words, a shareholder holding the limit of 20 of these shares will receive \$3,115.60 for them on the pro rata method of distribution proposed in the bill.

Shares issued in succeeding years will be worth proportionately less, the last shares issued being worth \$27.37 under the provisions of the bill. The difference is accounted for by the fact that the shares issued in different years are paid up in varying amounts ranging from \$12.50 for the 1911-12 shares to \$7.50 for the last issue, stock bonuses accounting for the difference in the paid up value.

"Speculators" who planned to make a "clean-up" on these shares will be out of luck if the bill ever prevents it. Premier Gardiner declared making it clear that the government desired to protect not only the delegates attending the annual meeting of the Elevator Company next week but the thousands of shareholders remaining in the country.

Would Aid Boy Scouts

Ottawa.—Suggesting that some portion of the 10 per cent. reduction in income tax, provided for by the recent budget of Hon. J. A. Robb, minister of finance, should be paid by each income taxpayer to the Boy Scouts' Association, His Excellency Viscount Willington made an earnest plea for financial support to the association at a largely attended luncheon here. His Excellency said he spoke as Chief Scout for Canada and "chief beggar on behalf of the Ottawa Association."

U.S. Miners May Strike

Washington.—While there remains the possibility that the soft coal miners and operators of the country will reach an agreement at a later conference, the break up of the Miami meeting is looked upon here as practically as being a strike April 1.

Petition for Resources

Ottawa.—A petition bearing 3,500 names asking for the return to Alberta of its natural resources "with restriction" was tabled in the House of Commons by H. C. Hocken, Conservative, Toronto West Centre.

Premier on Vacation

Atlantic City, N.J.—Premier W. L. M. King, of the Dominion of Canada has arrived here for a brief vacation. Mr. King refused to see newspapermen on his arrival, declaring he wished to rest.

California has an automobile for every 2.8 persons.

BRITAIN SENDS STRONG NOTE TO RUSSIAN SOVIETS

London.—The rising tide of British feeling against Communist propaganda and the unsatisfactory relations between the British Government and the Russian Soviets have culminated in a stern warning forwarded by Sir Ambrose Chamberlain to the Soviet Government against the "continuous breach of solemn engagements" between the two governments and also the wide-spread Bolshevik propaganda.

The warning was in the form of a diplomatic note, declaring in the gravest terms that the Anglo-Russian trade agreement would be abrogated, even diplomatic relations completely severed, unless the flagrant violations of the solemn agreement between the two countries cease.

The note, addressed to M. Rosenzweig, Soviet representative in London, is the strongest of the numerous protests sent to Russia since the trade agreement was signed in March, 1921, and is one of the most outspoken diplomatic documents ever issued from Downing Street.

The first heavy clouds on the Anglo-Russian horizon came in 1924 with the famous Zinoviev letter, which was one of the main causes of the downfall of the MacDonald Labor Government.

Moscow gold—a million sterling of it—contributed to aid the British workers to strike last year, which the London Government considered a revolutionary movement, further darkened the skies as have recent events in China, where the British are convinced Bolshevik agents caused the Chinese to single out the British as their arch-enemies among the hated foreigners.

Grain Shipped Cheapest Route

Western Growers Have no Preference as to Ports

Halifax.—Mr. Snow, member of the Dominion Grain Commission, and one of a delegation of Western grain men who inspected the elevator facilities at this port, states that no great movement of grain through Halifax can be anticipated pending additional terminal equipment.

Mr. Snow contended western grain growers and shippers had no preference as to ports. They were primarily interested in economy and Halifax, Saint John and Portland looked all the same to them.

Grain would follow the cheapest route and by way of illustration he pointed out that United States grain was shipped through the port of Montreal when that port offered the lowest rates available.

Cut Cattle Rates

Ottawa.—What has been received here that the Bedford Line and the Canadian Government Merchant Marine have cut the Atlantic rate on cattle from \$20 to \$15 per head. No information has yet been received as to a similar cut by other lines.

Practise High C's on the High Seas

Sydney H. Nicholson, organist of Westminster Abbey, conducting a rehearsal on board the Canadian Pacific steamship Montrose with the boys of the Westminster Abbey choir, now touring the Dominion in a series of song recitals. With the boys is seen Dr. A. V. Battie, Dean of Windsor, who is accompanying the choir in its Dominion-wide trip.

Young Journalists Will Attend Meeting

One Thousand Expected at New York's International Gathering

New York.—More than 1,000 boy and girl editors ranging in age from 12 to 18 years and representing school publications in 43 states, Canada, Alaska, Hawaii and the canal zone are expected to attend the third annual convention of the Columbia Scholastic Press Association here March 11 and 12. The student journalists have submitted their publications in a competition for 13 silver loving cups and certificates of honor.

Papers written and edited by kindergarten children will be entered in a feature contest. Foreign language papers, prepared by American students and trade journals will also be entered in the contest. The publications to be represented at the convention run into hundreds and are of many different types.

Found Guilty of Arson

Six Kiev Firemen Including Chief Will be Executed

Kiev, Ukraine.—Severe sentences have been passed on ten firemen found guilty of arson. Six of them, including the chief, will be shot, two were sentenced to ten years' solitary confinement and the other two must serve five years in prison. The chief pleaded that the men set the fires fearing they were losing their positions because of a long period of inactivity.

The members of the fire brigade were arrested several days after they had been commended for heroism and skill in fighting fires in the Trade Union Club of Kiev, and the headquarters of a navigation company. It was charged by the police that they deliberately set the buildings ablaze for excitement.

Russian Refugees Fighting in China

Vanguard of Chang's Army Suffer Many Casualties

Shanghai.—Six thousand "white" Russians, vanguard of Chang Chung Chang's army, defeated forces of Wu Pei Fu in Hunan province in a battle in which the Chang forces alone suffered 3,000 casualties.

The Russians, believed to be refugees who fled to China to escape the Bolsheviks in their own country, are fighting with Chang's army in its attempt to force its way through the territory of the inactive Wu so it can attack the Cantonese forces in the south.

Addressed Large Audience

New York.—The voice of President Coolidge in eulogy on George Washington was carried by radio to countless millions throughout the world—the largest audience ever addressed by man. Mr. Coolidge's voice was broadcast throughout the country by a hook up of 42 stations and broadcast in Europe. London, Paris and Berlin listened in and reports were that reception was unusually clear.

ANGLO-AMERICAN AMITY STRESSED BY HON. MASSEY

New York.—To strengthen the bonds of friendship between His Majesty's oldest Dominion and the Government and people of your great Republic.

Thus Hon. Vincent Massey summed up his mission to the United States in a speech before the Pilgrims' Society here. It was his first public address in the United States since he assumed office as Canada's minister to Washington.

Mr. Massey paid tribute to the friendliness of Washington extended by President Coolidge, the members of his cabinet and the citizens of the capital generally. He assured his hearers that Hon. W. S. Phillips, newly appointed minister from the United States to Canada, would find a genuine welcome awaiting him in Ottawa. He went on to speak of the "noble contributions which the Pilgrims' Society has made to the cause of strengthening the friendship which exists, and must ever exist, between the people of the United States and of the British Empire."

"Canadians," he added, "are on the same high pilgrimage of international amity and goodwill. We feel that we know you and live just across our border and can understand in some measure and appreciate the intricate and fascinating pattern which modern American life presents. On the other hand, we have, too, a first hand knowledge of and an abiding affection for the great mother nation whose impress has been placed upon our institutions, and our modern life."

"Inheritors of a common language and a common basis for art and literature, the United States and British peoples probably always will be found shoulder to shoulder in any crisis which threatens society," Mr. Massey said.

"National characteristics," he added, "are not an obstacle to international unity. They give color to life in a world where standardization has become a peril. Unity in diversity is a key to Anglo-American relations."

Time Limit for Tourists

Automobiles Entering Canada From South May Now Stay for Sixty Days

Ottawa.—Permits for automobiles driven by tourists entering Canada have been extended from thirty to sixty days, according to an announcement by Hon. W. D. Fuler, minister of customs and excise.

In the past, American tourists entering Canada were permitted to drive their cars in this country for thirty days without payment of fees. This period has now been extended to sixty days with the option of an extension to ninety days under certain restrictions.

It is understood that tourists wishing to remain the full limit of time will be required to present identification and credentials from authorized motor clubs or similar organizations. For some years past provincial governments, Canadian automobile clubs and organizations interested in the tourist traffic generally have been seeking to have the thirty-day restriction widened.

Australia's Wheat Crop Larger

London.—Sir Joseph Cook, High Commissioner of Australia, informed the annual meeting of the Australasian Chamber of Commerce that Australia is expecting a much larger wheat crop than last year. He estimated the present crop at 165,000,000 bushels, of which 120,000,000 would be available for export.

Celebrate Red Army Anniversary

Moscow.—The fifth anniversary of establishment of the Red Army was observed throughout Russia, Feb. 23. The newspapers carry articles by leading Soviet authorities who emphasized the preparedness of the army to meet all eventualities.

Advertise for Carillonour

Ottawa.—The Service Commission is advertising for a carillonour, for the new carillon bells which are to be installed in Victory Tower of the Parliament Buildings. The salary is to be \$2,500 a year.

Conserve Seed Oats.

All possible steps are being
taken by the provincial and
dominion seed branches to
conserve the supply of seed
oats in the province, due to
the shortage which exists. The
elevator companies are re-
sponding to the request that
they store whatever seed oats
are available, and it is hoped
that if all elevator companies
do this, rather than ship the
oats out of the province, the
situation can be taken care of.
Farmers who need seed oats
should apply to elevators at
once. Those farmers who have
outs they wish to use for seed
should obtain a germination
test as soon as possible.

Where Wolves Will Run With Huskie Dogs

An entirely new and unique test
will soon be made at the Chateau
Frontenac, Quebec, by Arthur Beau-
vais, driver of the Frontenac dog
team. He has three wolves which he
has reared from babyhood. These
have been kept in a kennel in the
same building with his huskies. They
are as playful as pups, and to over-
come their shyness Beauvais often puts
three little huskie pups in for play-
mates when they forget themselves
and seem less homesick for their
parents and the great outdoors.

These little creatures are now only
eight months old, yet in this short
time have learned much of mortal-
ity and they have already had one trip to
Boston where they were exhibited by
the Canadian Pacific Railway at the
Sportsman's Show.

One morning a brand new sporty
looking collar was placed on one,
and the dignity this wild animal
suddenly acquired was amazing. It
was like a child with new shoes. It
turned its little head first one side,
then the other and sat down in a
sedate manner, all four feet together
and held its head high haughtily and
said with its eyes "now look at me."
Do wild animals understand? Yes
indeed, that wild beast was as self-
conscious as any human decked out
in a new regalia.

Shortly after the return of the little
wolves from Boston, one of the little

creatures sprained its shoulder. When
Beauvais entered the building and
went up to the kennel, or compar-
ment allotted them, which has wire
netting around, the poor little thing
came up to him for sympathy. It
was duly rubbed with lotions and
cared for, not in the least resenting
anything which was done for it.

A quite little sheep, French-Can-
adian in design, has been built for it
and the picture shows little Master
Beauvais all ready for his first ride
as soon as the wolf is harnessed. It
is now three months since this wild
animal has been tame enough for its
little child to play with, and one
wonders if the old saying "A little
child shall lead them" can be applied
in this instance. It can, however be
stated that when this picture was
taken the wolf had to be literally
pulled out of the street back to its
kennel. It was interested in the
people around, the dogs, the taxis and
sleighs which passed as he posed for
one of his many pictures taken
lately.

It will indeed be worth while to
follow the adventures of a wild
creature from the woods of Quebec
province, into the biggest organiza-
tion of its kind in the world, a fre-
quenter of the Chateau Frontenac,
one who has already taken trips, and
who will in time know the hearts and
kindness of people it will come in
contact with.

Stony Plain and District.

Mr R B Brooks, of The Sun Life Assurance Co., Edmonton, paid Stony a visit on Saturday.

Mr J F Clarke was a business visitor to the City on Tuesday.

Mr Louie Mayer returned last week from his visit to Vancouver.

Mr Henry Sinner is up in the Peace River district, this week.

Yesterday was Ember Day, the first day of Lent. Services were held in the evening in St. Matthew Lutheran Church (Missouri Synod) which were well-attended. These services will be continued every Wednesday evening during the Lenten season.

A large party of young people assembled on the evening of Feb. 27, at the home of Mr and Mrs. Jac Altheim, near Carvel, to do honor to their daughter, Miss Lizzie, on the occasion of the nineteenth anniversary of her birth. A very pleasant evening was spent in music and games.

The muskrat season opened on Tuesday. Local trappers report a busy season, as rats are reported to be plentiful.

Mr A J Shaul, the purebred Aberdeen Angus stockman, brought home last week from Linwood a registered Aberdeen Angus bull, the sire of which was a prize-winner at a number of the high-class stock shows.

Attention is drawn to the advt. on page 6, announcing the clearance sale by Mr Chas Schultz of his purebred stock, machinery, etc., at his farm near Stony Plain, on Thurs. next, March 10. See posters.

Some farmers who are short of feed are marketing their young pigs and sows. Mr A Meredith is handling some of the latter every week. Those wishing to procure a good sow in pig, should see him.

A case is reported of a local farmer losing a good work horse thru the latter having been turned on the straw stack all winter and swallowing a quantity of binder twine, which became embedded in the lower intestine.

A three-weeks' creamery course is now being offered jointly by the University and the Dept. of Agriculture, to commence Tuesday next, Mar. 8. The course is intended primarily for persons with some practical experience in creamery work. There is no tuition fee. Arrangements may be made for room and board at time of registration.

M M Meeklenburg, the well-known optical specialist, will be at the Royal Hotel, Stony Plain, on Monday, March 28th. See him and see good.

Answer to a Correspondent—Wolf and Coyote pelts must all pay the tax. Conforming to the practice adopted in other western provinces, the Alberta Provincial Game Department has now decided to add to the list of fur-bearing animals on which a tax must be paid, the wolves of the province. These include the timber wolf, the grey wolf and the prairie wolf or coyote, for all of which pelts in future a tax of 25c must be paid.

Spruce Grove News

The elections for Spruce Grove M. D. Councillors on Saturday resulted: Div. 2, Dan Giese won over George Schultz; Div. 4, L Sinclair won over H Ball, M Cleland, Jacob Daweduk, A F Nicholls; Div. 6, K C McLaughlin won over Dan Brox.

Mr W H. Mair, the popular manager of the U.G.G. elevator at Spruce Grove has resumed his duties at the elevator after a rather lengthy period of sickness. And Rudy Heichen is still on the job.

Mrs R Benerlein, the victim of an accident on Feb. 20, is still under the doctor's care.

Dave Bell, the Chrysler agent here, predicts a big season for the sale of cars.

Keeping 'Em Busy.

What the Wheat pool is doing or is not doing is the overwhelming factor on the Winnipeg Exchange.

In spite of a malicious underground campaign of disparagement, the pool is a real power in the grain business of Canada and the world.

The Trade is unable to complete big deals without taking the wheat pool into consideration, and every move the pool salesmen make is watched closely.

A rumor that the pool had hurriedly shipped a million bushels from the lake head to the seaboard caused a furore on the Winnipeg Exchange and all sorts of reports were spread.

The pool salesmen, however, know their business and generally keep the Trade guessing.

Railway Time Table.

Going east—Monday, Wednesday, Friday at 6.27 a. m. Sunday, Tues., Thurs., Sat. at 5.15 a. m. Going West—Sunday, Tuesday & Friday afternoons at 1.30. Every morning at 13 minutes to 1.

Get Good Seed.

A striking illustration of the value of good seed was seen in an experiment which the University of Alberta conducted the past three seasons. Samples of seed wheat were sent to various places in the province. The harvested seed was returned and graded, and the samples ran at least one grade better than the average sample coming from the same districts. "Why can't all farmers grow wheat like this?" has been asked. The answer is: They could, if they would use as good seed!

Garnet Wheat.

Yields and Grades Higher than Marquis.
Ripens Earlier, Grades Better and Yields One-third More than Ruby.

Here and There

At a meeting of the four breeders of the Annapolis Valley, held at Middleton, it was stated that silver black foses in captivity in the province number approximately 10,000 which, at a low valuation of \$200 each, makes a total value of \$2,000,000. The annual revenue to the ranchers is placed at \$600,000.

What is practically the first sheet copper mined, refined and rolled in Canada is now at Regina to go on the roof of the new Canadian Pacific Hotel there. As at Regina and at Saskatoon, where magnificent new hotels are being erected by that Company, Canadian materials will be used in the building of the new Toronto hotel.

The population of the Prairie Provinces in 1926 was 2,067,353, according to the census taken in that year. This compares with 1,096,137 in 1916, and 806,646 in 1906. In the twenty year period Manitoba has increased its inhabitants from 165,688 to 439,059; Saskatchewan from 237,768 to 521,042; and Alberta from 185,195 to 607,584.

In view of pressure on the transportation facilities of the Canadian Pacific Railway when the full tide of immigration and harvest travel is felt in the coming summer and fall months, the railway has already taken steps to cope with this by sending 216 colonist cars for repair and overhauling to the Angus Shops, the work to be finished upon them not later than April 1st.

Professor W. L. Carlyle, manager of the Prince of Wales ranch, near High River, is en route to England where he will consult his royal employer regarding business matters pertaining to the ranch, purchase new stock and arrange for the usual year by year extension of the Prince's commercial activities in Alberta.

The presentation of 12 first aid awards to members of the Montreal terminal's staff by A. D. MacTier, vice-president in charge of C.P.R. eastern lines recently, brings the total number of awards earned by Montreal employees of the Canadian Pacific during the past year up to 78. The number of employees passing the necessary yearly tests is increasing, over 700 employees at the Angus Shops alone now efficient in the work.

Al fresco lunch on the rinks is the latest innovation to provide the unusual for the guests at the Chateau Frontenac, Quebec. At the fashionable hour smartly uniformed waiters skate out upon the ice pushing a serving table mounted on skates. The crowning glory is a steaming tea urn and its appearance is the signal for the skaters to gather round to sip real English tea. The innovation has proven a great success for it adds the finishing touch to an afternoon's skate.

A new variety of wheat has been developed by Frank Larcombe, of Missoula, Alberta. Its vital quality is its drought resisting strength. This new variety of grain has been registered at Ottawa as "Vermilion." In 1919 Mr. Larcombe discovered in his wheat crop a few heads that were obviously crossbred and that showed drought resisting quality. He kept the kernels, sowed them in 1920, and gradually built up 1,000 bushels. The wheat is also reported to be heavy yielding.

The following wire was received recently by C. E. Usher, general passenger traffic manager, C.P.R. from J. C. Phillips, president of the Massachusetts Fish and Game Protective Association—
"On behalf of the Massachusetts Fish and Game Protective Association, I want to extend our appreciation for your very fine exhibit at the Sportsmen Show and the efficient way it has been handled by your representatives."
(Signed),
J. C. Phillips, President."
